THE DAILY NEWS.

At Arlington.

BT JAMES R RANDALL. The broken column, reared in air
To him who made our country great,
Can simost cast its shadow where
The victims of a grand despair,
In long, long ranks of death await
The last, loud trump, the Judgment Sun,
Which come for all, and, so on or late,
Will come for these at Arlington.

In that wast sepulchre repose
The thousands reaped from every fray,
The Men in Blue who once uprose
In battle-froat to smile their focs—
The Spartan Banes who wore the Grey.
The combat o'er, the death-hug done,
In Summer blaze or Winter snows,
They keep the truce at Arlington.

And, almost lost in myrial graves
Of those who gained th' unequal fight,
Are mounds that lide Confederate braves,
Who reck not how the North wind raves,
In dazzling day or dimmest night.
O'er those who lost and those who won,
Death holds no parley which was right—
Jehovah judges Arlington!

The dead had rest; the dove of peace
Brooded o'er bu h with equal wings.
To both had come that great surcease,
The last omnipotent release
From all the world's delirious stings.
To bugle deaf and signal gun,
They slept, the h-roes of old Greece
Beneath the g'ebe at Arlington.

And in the Spring's tenignant reign,
The sweet May woke her harp of pines.
Teaching her choir a thrilling strain
Of jubile to land and main,
She danced in emerald down the lines.
Denying largess to ight to none,
She saw no difference in the signs
That told who slept at Arlungton.

She gave her grasses and her showers
To all alike who dicamed in dust;
Her sons-birds wove their dainty bowers
Amid the jaemine buds and flowers,
And piped with an in partial trust.
Waifs or the air and literal sun!
Their guileless gives were kind and just
To friend and ioe at Arlington.

And 'mi-1 the generous Fpring, there came
Some women of the land was strove
To make this tuneral field of fame
Glad as the this yead's altar fiame,
With roes wreaths of mutual love.
Unmindful who had lost or won,
They scorned the jargon of a nare—
No North, no Seuth, at Arlington.

Between their pious thought and God Stood fil s of men with brutal steel; The garlands placed on "Rebel-add" Were tran pied in the common clod To die benea h the hireting's neel. Faring this triumph of the Hun, Our Smoky (see a gave ro nod To keep the peace at artington.

Jehovab judged, abashing man;
For, in the vigils of the night,
E is migh y storm-aver, gers ran
Together in one choral can,
Rebuktus wrong rewarding right.
Placking the wreaths from those who won,
The tem, est h-aped them dewy-bright
On hebel graves at arington.

And, when the morn came young and fair,
Brimiul of blushes ripe and red,
Knee-deep in sky-rent roses there,
Nature began her earlieft prayer
Ab we triumphont bouthern Dead.
So, in the cark and in the sun,
Our Cause survives the Tyrani's tread
And sleeps to wake at Arlington!

BE CAREFUL WHAT MEDICINES YOU TAKE.

THE BEST IN USE.

WHEN YOU ARF EXHAUSTED BY OVERWORK of head or hand, and feel the need of something invigorating, don't drink whiskey or any intoxica ting thing, whee her under the name of titters or otherwise. Fuch articles give just as much strength to your weary bod, and mind as the whip gives to the jaded horse, and no more. Alcoholic atimulants are injurious to Nerve health, and are ALWAYS followed by DEPRESSING REACTION. G. J. LUHN,

Dodd's Nervine and Invigorator is a TONIC and GENTLE STIMULANT which is NOT attended by REACTION. What it gains for you it maintains. When it refreshes body or mind, it refreshes with natural strength that comes to stay. We are not recommending testotalism in the interest of any faction; but long and extended observation teaches us that he who resorts to the bottle for rest or recuperation, will find, as he keeps at it, that he is kindling a fire in his bones which will consume the the flames of perdition. Turn from it. Take a tonic that will refresh and not destroy. DODD'S NERVINE is for sale by all Brugsists. Price One Dollar. See Book of Certificates that accompanies each bottle.

GOODRICH, WINEMAN & CO. FEVER AND AGUE.

FROM WBICH MANKIND SUFFER over a large part of the globe, is the consequence of a diseased action in the system; induced by the poison of solar heat on wet soil, and rises with the watery vapor from it.—
While the sun is below the horizon this vapor lingers near the earth's surface, and the virus is taken with it through the lungs in the blood. There it acts as an irritating poison on the internal viscers and excreting organs of the body. The liver becomes torpid and fails to secrete not only this virus, but also the bile from the blood. Both the virus and the bile accumulate in the circulation, and produce vio ent constitutional disorder. The spleen, the kidneys, and the stometh sympathize with the liv r, and become disordered also. Einsily, the instinct of our organism, as i in an attempt to exact the noxious infusiou, concentrates the whole blood of the body in the internal exerciories to force them to cast is ont. The blood leaves the surface, and rushes to the central organs with congestive violence. This is the Chill. But it this effort it tails. Then the Fever follows, in which the blood leaves the central organs and rushes to the surface, as if in another effort to expel the irritating poison through that other great excretory—the skin. In this also it fails, and the system aband one the attempt exhausted, and wits for the recovery of strength to repeat the hopeless effort another day. These are the fits of paroxysms of Fever and Ague. Such constitutional disorder will of course undermine the health if it is not removed.

We have labored to and, and have found an anti-dote,

AYER'S AGUE CURE.

which neutralizes this malarious poison in the blood, and stimulates the liver to expel it from the blood, and stimulates the liver to expel it from the blood. As it should, to it does ourse the sefficing disorder with perfect certainty. And it does mo e. or rather does what is of mere service to those subject to this infection. If taken in stason it excels it from the evision as it is absorbed, and thus keeps those who use it free from its attacks; keeps the system in health although exposed to the disease. Consequenti, it not only cuses, but protects from the great variety of affections which are induced by this malignent influence, such as Remittent Fever, Chill Fever, Dumb, or Mashed Ague, Periodical Headache, or Billous Headache. Billous Fevere, reuralsia, Rheumatisma Gent, Billouss Fevere, reuralsia, Rheumatisma Gent, Billousses, Tootbache I arache, Catarrh, Asthma, Palpitations Painful affections of the pleen, Hwisterics, Cole, Paralysis, and Painful Affect ona f the Stomach and Bowels, all of which, when arising from this cause of these derangements and cures the direase.

This it accomplishes by stimulating the excretories to expel the virus from the system; and these organs by degrees become habited to do this, their effice, of their own accord. Hence arises what we term acclimatation. Time may accomplish the same end, but often I fe is not long enough, or is sacrificed in the stempt, while thus, "Ague Cure" does it at once, and with asfety. We have great re son to believe this is a surer as well as safer remedy for the whole class of diseases which are cause d by the minamatic in coil in, than any other which has been discovered; and it has still another important advantage to the public, which is, that it is cheap as well as good.

DARBY'S PROPHYLACTIC FLUID. MARVIN'S PATENT

Letter from Hon. Alex. H. St phens, of Georgia. CRAWFORDSVILLE, Ga September 29, 1868.
Darby's Prophylactic Finid is an article of little cost, but great value. Its domestic as well as medicinal uses are numerous, while its specialities are most wonderful. I have not been without it for ten years, and no head of a tamily who can afford to have it should be without it.

JOHN DARM & Co., No. 160 William-street, New York: JOHN DARBY & Co., No. 100 with an estates, 10 York:
York:
Gentlem:n—I have received your letter of the 16th of December, 1866, calling my attention to your (Darby's Prophylactic) Fluid.

I most cheerfully state that the Fluid was furnished to, and extensively used by, the surveons in charge of general hospitals in the Confederale service with great benefit to the parients—all the surgeors making a favorable report—a great deal of it was used in the hospitals.

Very respectfully, your obedient servant, SAM'L PRESTON MOORE, M. D.

SURE AND SPEEDY DESIRUCTION TO THE ASTONISHING

DISINFECTANT. EMORY COLLEGE, OTFORD, GA., December 28, 1868.
Prof. DARBY. Dear Sir—naving not been engaged for many years in the active duties of the Medical profession. I am only superficially acquainted with the claims of your Prophylacite Fluid, but am well acquainted with its chemical elements
While, therefore, I cannot speak experimentally of the value of the compound vet the disinfecting and therapeutic properties of the spents employed in its composition, together with the well known reputation of its discoverer, as a chemict, authorize me to regard its merit as of a high order; on the whole it must be considered as a valuable contribution to the class of articles to which it belongs.

These views, I may add, are sustained by the testimony of many competent judges, who have tested its properties.

Elieve me, dear sir.

Yours, respectfully,

Yours, respectfully, A. MEANS, M. D., LL. D.

Gentlemen—I received your circulars of the 1(th
instant, asking an expression of opinion from me as
to the mertis of your Prophylactic Fluid. The preparation has been so generally used by the profession and public at large, and so universally esteemed, that it seems to me to need no further recommendation.

ed, that it seems to me to need no further recommendation.

As a disinfectant and remedial agent too, when indicated, it is not excelled by any similar preparation.

We use permeanganic preparations very extensively in this hespital, and could not do without them. I consider yours the best and most elegant preparation of the kind manufactured.

Respectfully yours, &c.,

PURIFYING PILLS. The Excellent Remedies of O. S. ProPhitt, M. D., need no recommendation—
their well known power in removing the diseases peculiar to our Southern climate having already established for them an enviable reputation in Georgia
and the adjoining States. As the majority of persons
living in the South are predisposed to disease of the
Liver, it is granted by all intelligent physicians that
most of the pains and aches of our people are due
to organic or iunctional derangement of that important organ. Prephitt's Liver Medicine and AntiBillous Pills strike directly at the root of the evil.
They cure the Liver, which in nine cases out of 'en,
is at the bottom of the Couphs, Dyspepsia, Colie,
Sick Headsche. Rheumatism, Constipation, Menstrual Obstructions, &c., so common among our
people. Earache, Trothache, Acute Rheumatism,

Dr. Prophill—Baving used this medicine sufficiently long to test its virtue, : nd to satisfy my own mind that it is an invaluable remedy for Dyspepsia—a disease from which the writer has suffered much for six years—and being persuaded that hundreds who now suffer from this annoying complaint would be signally benefitted, as he has been, by its use, we deem it a duty we owe to this unfortunate class to recommend to them the use of this renedy, which has given not only himself but several members of his family the greatest retief.

M. W. ARNOLD,

Of the Georgia Conference.

DOOLY COUNTY, GA, April, 1867.

This is to certify that I was confined to the house, and most of the time to my bed, and suffering the greatest agony imaginable with Rheumastism, for five months, and after trying every available remedy, with no relief, I was cured with two bottles of Dr. O. 8 Prophiti's Anodyne Pain Kill It, each costing fifty cents only; it relieved me almost instantly. I therefore recommend it in the highest degree to others suffering from similar disease. I can say that it is one of the best family medicines now out, certain. Yours truly. W. A. FOREHAND.

Covington, Ga., July 9, 1867.

Dr. Prophit.—Having used your Liver Medicine for more than a year in my family, I cheerfully recommend at to all persons unfering from Liver affections, Byspepsia or Indigestion in any form. I also recommend your Dysentery Cordial as the best remedy for that disease.

O. T. ROGERS.

STANFORDVILLE, PUTNAM COUNTY, Oct. 1, 1867.

Dr. O. S. Prophitt—Dear Sir—I his is to certify that I have used your ague Pills for the last ten ye-rs, and I have never failed to cure he ague in a single instance with them. They always break the chils the first day that they are given. I can recommend them as being the less ague medicine that I have ver found, and they leave no bad effects following them, as Quinties, &c.

Yours respectfully.

A. WESTBROOK.

PUTNAM COUNTY, GA, September 22, 1868.

Dr. O. S. Prophitt—sir—I have used for the last two years in my family you. Liver Medicine, your Pain Kill It, and your Femile Tonic, and I have no fears in saying that they are the best medicines I have ever used for the Liver and Storach. Neura ge and Rhu umatic affictions, Headache, Colic, and pains of every kind are subdued by them. After using the medicines so long, I cheerfully recommend them to medicines so long, I cheerfully recommend them to medicines are commended, and the diseases for which they are recommended, &c.

Your respectfully, JAMES WRIGHT.

The Medicine, with its associates, is a safe and certain remoty for all curable diseases to which Females alone are liable. It is also an excellent preventative of Mervous Bhanness, or Nervous Diseases in either male of length. It is a powerful Nervine Tonic, setting up a full and free circulation throughout the system.

41 of the above Medicines sold by Druggiets and Marchants generally throughout the southwest.
